IT'S A COMPETITIVE WORLD

Every business needs an edge, a way to beat the competition.

Is your firm keeping up or falling behind?

What's your competitive advantage?

To be successful in today's competitive environment, Construction and Real Estate companies, large and small, need every advantage.

And to be successful, everyone in your company has to be at the top of their game. It's all about performance.

At Core Associates, we get it.

Your margins are razor-thin and your employees need help increasing their productivity. They need easy-to-use, technologically-advanced solutions that automate labor-intensive processes. And with so many unknowns in the execution of construction projects, it's mission critical to have accurate and timely information.

HERE'S YOUR
COMPETITIVE
ADVANTAGE

timberscan

Designed specifically for Sage 300 CRE customers, TimberScan dramatically streamlines the accounts payable process and provides exceptional reporting capabilities – helping you make well-informed, timely decisions. TimberScan automates any document with workflow, approval, and field-level security. Easy to use and quick to navigate, TimberScan dramatically improves A/P processing and provides exceptional Enterprise Content Management.

And TimberScan's suite of productivity tools will further expand your competitive edge. TimberScan Mobile is a cloud-based approval system designed for iPhone, Android and tablets. Capture may reduce data entry by up to 90% by converting scanned images into coded, TimberScan digital invoices. TimberScan even automates your manual forms with our cloud-based eForms program. With TimberScan, the information you need is always at your fingertips.

MEET YOUR NEW TEAM...

timberscan

Designed for Sage 300 CRE users.

MOBILE

Designed for Sage 300 CRE users.
A cloud-based approval application* that works with iPhone and Android devices.

eForms

FOR TIMBERSCAN

Quickly develop and deploy forms and applications for your business, streamlining both accounting and operations.

Capture

FOR TIMBERSCAN

Eliminates manual data-entry and coding by reading invoices and auto-filling digitized invoices.

Commander

FOR TIMBERSCAN

A powerful print engine and document automation tool.

THE BENEFITS YOU CAN EXPECT FROM CORE ASSOCIATES

SMART INVESTMENT: An exceptional return on investment – most clients experience a payback in less than six months and an accelerated accounts-payable approval process of 50% or more.

PAIN-FREE IMPLEMENTATION: Implementation is quick and easy, with most clients up and running in just a few days. And TimberScan seamlessly integrates with Sage 300 CRE.

SCALABLE: Ideal for companies of all sizes, TimberScan is scalable and can meet a wide range of budget and workflow requirements.

CONTENT-MANAGEMENT CAPABILITIES: TimberScan is the only Enterprise Content Management system designed specifically for Sage 300 CRE.

EASY TO USE: TimberScan has a modern interface that's easy to use and quick to navigate.

ENHANCED PRODUCTIVITY: With the optional Capture application, businesses can eliminate up to 90% of the work normally associated with manual invoice entry. Capture automatically extracts data from invoices.

GROWING CAPABILITIES: Core Associates continues to develop applications that increase the productivity of TimberScan and solve real-world challenges faced by our clients. eForms and Commander are just the latest innovative applications from Core Associates.

*TimberScan Mobile developed in collaboration with hh2.

1 Select

Choose your document.

Documents can be saved as TIFF files, PDFs or in their native format, like Microsoft Word or Excel. Native format documents can be edited so that the latest version is always available.

With **eForms for TimberScan**, you can design forms, add approvals and signatures, and attach pictures. The forms are linked to lookup tables in Sage 300 CRE, making them even easier to complete. And best of all, all eForms are mobile – employees can fill them out on smartphones and tablets.

MS Excel

Scanned Files & PDFs

MS Word

Purchase Order

Invoices

2 Acquire

Scan your documents or drag and drop from email or files.

Certain documents can be directly imported from third-party applications, such as checks created with Piracle or Print Boss.

The optional **Capture for TimberScan** module may reduce data entry by up to 90% by converting scanned images into coded, digital invoices.

3 Process

TimberScan offers complete control over what documents to store, how to index them and where they need to be routed for approval. With its powerful workflow engine, complex routing requirements can be easily defined with rules-based specifications.

With **TimberScan Mobile**, our cloud-based approval system designed for iPhone, Android and tablets, the information you need to review and approve invoices is always at your fingertips.

MOBILE

THE SECRET TO OUR SUCCESS

Actually, it's not really a secret.

But there is one thing that's been key to our success – we asked clients what they needed to be more productive. And we listened. In fact, we have never stopped listening.

We design and build software, from the ground up, based upon extensive user-group feedback. The result is TimberScan, Mobile and a growing suite of applications that solve real-world business challenges faced by Construction and Real Estate firms.

Our sole aim is to provide software solutions that serve as productivity tools – saving clients time, money and increasing organizational efficiency.

Our software solutions excel at serving the needs of companies with multiple sites, numerous jobs, and many off-site employees.

Today, TimberScan is the market leader for A/P processing and Enterprise Content Management.

Over the past decade, it's been chosen by over 1,400 companies and 25,000 users. We've been a Sage 300 CRE development partner since 2005.

SUPPORT YOU CAN TRUST

We understand that you've got a job to do. You need software that delivers, consistently. And when issues arise, you need a solution – fast.

At Core Associates, support calls are answered within two hours and most issues are resolved within one to two business days. Our world-class support team is comprised of exceptional professionals, including six Certified Sage 300 CRE Specialists.

In addition, our on line Knowledge Base is available to clients 24/7. Finally, ongoing maintenance and support service agreements mean you will have access to new features and the latest enhancements.
